

**Ref.º 14/DASC/2022**

**Environmental Specialist**

**Francisco Sá Carneiro Airport (Oporto)**

**(M/F)**

Francisco Sá Carneiro Airport (Porto) intends to recruit (internally or externally) a worker for the Environmental area. The main activities will be:

- Environmental monitoring of contractors and construction works;
- Environmental verification visits to third-party entities operating at the airport;
- Analysis and opinion of projects with regard to the environmental component;
- Production of environmental reports;
- Ensuring compliance with legal requirements;
- Monitoring the various descriptors and environmental management systems of the Airport (WWTP, Water, Wastewater, Air, Noise, Waste, among others);
- Ensure compliance with the various commitments assumed by the company regarding the environmental issues.

**Job Requirements:**

- Integrated Master's degree (post-Bologna) or a pre-Bologna degree in Environmental Engineering or equivalent area;
- Minimum of 2 years' professional experience in environmental management and environmental operational control, with particular emphasis on field monitoring visits;
- Experience in monitoring and operational control of domestic WWTPs, preferably;
- Experience and knowledge in several environmental descriptors, namely noise, waste, air, water and residual waters;
- Good knowledge of environmental legislation and regulation;
- Knowledge and experience in the implementation of the requirements of ISO 14001 (Environmental Management Systems);
- Good knowledge of computer skills in user's perspective;
- Good knowledge of the English language (oral and written);
- Driver's license.

**Preferred behavioural profile:**

- Autonomy;
- Sense of responsibility;

- Innovation, change and adaptation;
- Planning and organisation
- Good personal relationships and team spirit;
- Critical thinking;
- Orientation towards Excellence;

**Other information:**

Working place: **Francisco Sá Carneiro Airport - Oporto**

The pre-selected candidates will be submitted to the tests deemed necessary after analysis of their applications. The formalisation of the application should be made until **04/07/2022**, to the e-mail [recrutamento.ana@ana.pt](mailto:recrutamento.ana@ana.pt), indicating the reference of the advertisement.
