

ANAC'S final decision

Regulatory Traffic and Ground Handling charges for the Lisbon Airport for 2021

ANA wishes to inform all users that the Civil Aviation Authority (ANAC) has issued a final decision on 2021 charges for the Lisbon Airport.

The amounts approved by ANAC for the year 2021 entered into effect on 27/04/2021 and are shown in the attached Regulatory charges Table.

The updated and approved regulatory traffic and ground handling charges include a change of -8.36% compared to the 2020 charges, plus a recovery of 2017 and 2018 estimation error adjustments, thereby resulting in a total difference of -0.48% in these charges compared to 2020, as shown in the following table, previously presented in the Consultation File.

| | Without adjustment | | With adjustment | |
|---|----------------------|---------------|----------------------|---------------|
| | Abs. var./person (€) | Variation (%) | Abs. var./person (€) | Variation (%) |
| Base annual average change in traffic and ground handling regulatory charges | -0.76 | -7.33% | -0.04 | -0.42% |
| Average change in traffic and ground handling regulatory charges from April to December | -0.85 | -8.36% | -0.05 | -0.48% |

ANA would like to thank all users and their representative associations for their participation during the consultation process.
