

ANAC's provisional decision on the 2024 regulated charges consultation process

The Portuguese Civil Aviation Authority (ANAC) issued a decision validating all 2024 regulated charges in the exact terms proposed by ANA, with the following exceptions that require additional information to be provided by ANA to ANAC:

a) At Porto and Faro airports:

- CO2 modulation in landing charges,
- PRM charge,
- Security charge.

a) At Lisbon Group airports (Lisbon, Madeira, Azores and Beja):

- CO2 modulation in landing charges,
- PRM charge,
- Security charge,
- Passenger Service Charge.

The approved charges are published in the schedules below and will come into force on 01.01.2024.
